DATES OF ADOPTION AND AMENDMENT ACTIONS

- Adopted by Richland County Council March 15, 2016
- Amendment 1 by Richland County Council July 26, 2016
 - Amended Table 2(b) to revise the estimated costs and add advance ROW acquisition for the Clemson & Sparkleberry intersection improvement.

INTRODUCTION

The Richland County Transportation Improvement Program (CTIP) describes the projects, major activities and authorization schedules, and funding to guide the implementation of the Transportation Penny Program for all projects and programs approved in the Richland County November 2012 transportation penny sales tax referendum. The CTIP will specifically address overall program funding, cash flow modeling, alternate funding sources, and project authorization schedules. The CTIP will also show project ranking and projects by Council district. The CTIP will also include, for the projects included in the referendum, any other funding such as the State Transportation Infrastructure Bank, state or federal grants and federal-aid transportation funding that may supplement the funds from the transportation penny.

The CTIP is a five-year project authorization program document; it is not a plan. The CTIP only includes projects for which there is funding expected to be available over the period covered by the CTIP, and therefore, is fiscally constrained.

BACKGROUND AND HISTORY OF THE SALES TAX PROGRAM

Richland County Council established a 39 member citizen Transportation Study Commission in 2006. This Commission held numerous public input meetings and completed a comprehensive study. The study addressed failing roads, the lack of sidewalks and greenway infrastructure, and the unstable bus system. Three transportation modes and the projects needed were addressed: (1) transit (buses), (2) roadway, and (3) bicycle, pedestrian and sidewalks, and greenways. The projects included in this initial study appeared on the ballot on November 2, 2010 but did not pass.

In 2012, the original study was revised which resulted in a reduction in the number of projects and a shorter program timeline. On November 6, 2012, the Richland County voters approved the revised plan of projects funded through a 22-year, \$1.07 billion transportation penny local option sales tax. The “Transportation Penny” will be used to complete major road, bike, pedestrian and greenway projects and fund bus services during that time span.

In April 2013, Richland County Council appointed the Transportation Penny Advisory Committee (TPAC). The function of the TPAC is to review the use of the sales tax. The TPAC is composed of 15 Richland County citizens representing Arcadia Lakes, Blythewood, Columbia, Eastover, Forest Acres, Irmo, and unincorporated areas of Richland County.

The Richland County Council established and, in 2013, staffed a County Transportation Department to oversee and implement the projects approved in the referendum. Council also

selected a Program Development Team in July of 2014 to assist the County's Transportation Department in the delivery of the program.

The Sales and Use Tax collections began on May 1, 2013 and Richland County received the first revenue from the collections in October 2013. The tax revenues are collected by the state and distributed quarterly to the County.

FUNDING SUMMARY

The Richland County Transportation Improvement Program (CTIP) is subject to time and funding constraints as identified and approved by voters in the November 2012 referendum. Specifically, the 1% Sales Tax is to be imposed for not more than 22 years or until a total of \$1,070,000,000 in sales tax revenues has been collected, whichever occurs first. These revenues are to be used to pay the costs of administrative expenses, currently estimated to be \$32,100,000, any debt service should bonds be issued, and the following categories of projects:

ROADWAY

The penny tax program includes widening highways, major intersection improvements, paving dirt roads, and resurfacing local roads. Also included in this category are the identified neighborhood improvement plans, specific "special" projects, and the interchange at Broad River Road and I-20.

Amount: \$656,020,644

TRANSIT

The continued operation and improvements of mass transit services provided by Central Midlands Regional Transit Authority including implementation of near, mid and long-term service improvements are included. These funds are sent directly by the County to the Central Midlands Regional Transportation Authority for their use in providing and increasing transit service in Richland County. These transit funds and any transit projects are not a part of the Richland County Transportation Improvement Program (CTIP), but are administered by the Board of the Transit Authority.

Amount: \$300,991,000

BIKEWAYS, PEDESTRIAN IMPROVEMENTS AND GREENWAYS

The category also includes significant improvements for pedestrians and bicyclists by adding sidewalks and bike paths, improving pedestrian access at intersections and constructing greenways.

Amount: \$80,888,356

These funding allocations among the three categories identified in the 2012 referendum are also shown in chart form in Figure 1.

FIGURE 1. TRANSPORTATION PENNY FUNDING SUMMARY

The referendum also allows Richland County to issue up to \$450,000,000 in general obligation bonds to support the program. These bonds may mature over a period not to exceed 22 years, to support the completion of the program.

I. CTIP ADOPTION PROCESS AND PROCEDURES

A five-year CTIP will be adopted annually by County Council at a regular or called meeting. Council may include the review and comments from the TPAC in its adoption decision. Council may have review and recommendations from Council committees prior to adoption by the full Council.

TYPES OF CHANGES TO THE CTIP

There are two types of CTIP changes: adjustments and amendments. As a general rule, significant changes to the cost, scope and schedule of a project result in an amendment to the CTIP, and will require approval by Council. Minor adjustments in fund sources, description, lead agency, project

limits, etc. will be made by the Director of Transportation. The following sections provide a summary of the two types of changes that may be made at any time during the period of the approved CTIP.

AMENDMENTS

Amendments are major changes to a project that alters the scope or cost and will require Council approval. The following changes are examples of changes made through an amendment:

- Adding or modifying project(s)
- Adding or modifying a project phase
- Significant changes in project scope or cost, so as to alter the original intent of the project.

ADJUSTMENTS

The following changes illustrate examples of adjustments that may occur and be approved by the Director of Transportation, as long as the change occurs within the approved timeframe of the approved CTIP, and the change does not adversely affect the timely implementation of any project:

- Change in project sponsor
- Splitting or combining projects for purposes of awarding contracts
- Change or clarification of project description-as long as the change does not significantly alter the original project intent as identified through the project development process
- Redirection of funds between existing phases-as long as a phase is not added or deleted

II. THE CY 2016 – CY 2020 RICHLAND COUNTY TRANSPORTATION IMPROVEMENT PROGRAM (CTIP)

The CTIP describes the projects and their authorization schedules anticipated to be accomplished over the next five (5) calendar years (CY 2016 through CY 2020). The remaining projects, or portions of projects, that are not authorized in the five-year period of the CTIP are shown for information with the estimated remaining cost to complete the entire project included. Also shown are the projects and/or project activities that have been authorized and work begun in CY 2015.

The CTIP is a project authorization program document; it is not a plan. The projects listed in the CTIP are those included in the referendum approved in November of 2012 as well as any projects

added as a result of supplemental funding received from such sources as the State Infrastructure Bank, federal funding, or other grants or awards. All costs for roadway widening and major intersection improvements shown for authorization in the CTIP are the updated and most current estimates for the projects, with construction costs adjusted for expected inflation. The exception to this current or updated cost for roadway projects are the “special” projects, including neighborhood plans, identified in the referendum. The “Special” projects, neighborhood plans, as well as bike, pedestrian, and greenway project costs will be those identified in the list of projects included in the referendum.

The five-year CTIP only includes projects for which there is sufficient funding available from sales tax revenues, bonds, and special awards or grants. Table 2 summarizes the breakdown of the project categories and expected financial authorizations for the five year CTIP period.

Of the “Roadway” projects in this five-year CTIP, almost 62% would be authorized for the widening projects included in the referendum. About 4% is expected to be authorized for major improvements to 15 intersections in the County. Other significant authorizations included in the CTIP include about 11% for those special projects contained in the referendum, as well as about 9% for planned neighborhood improvements identified in the individual adopted neighborhood plans. Dirt road paving has \$36,000,000 authorized and local road resurfacing projects total \$38,000,000 in the CTIP.

The total amount planned to be authorized for Bike/Pedestrian/Greenway projects in the CY 2016 – 2020 CTIP is divided between greenways (24%), bikeways (31%) and sidewalks (40%). The remaining 5% of the projects are pedestrian improvements to enhance walkability at identified intersections.

CASH FLOW PLAN

A detailed financial cash flow plan was developed to ensure funding will be available to implement the CTIP and the expected schedule of authorizations. The Richland County finance advisors provided the estimates of sales tax revenues as well as bonding and debt service requirements for the cash flow plan. The Program Development Team developed the project schedules and expenditures that could be done within the tax and bond revenue cash flow information provided by the County.

A cash flow plan will be maintained throughout the life of the Richland County Transportation Improvement Program (CTIP) and the sales tax program period. Program and project cost and schedule information will be regularly updated to ensure accurate cash needs. These needs will be monitored against current revenue collections and forecasts and additional sources of funds obtained for projects to determine bond needs. Bond and debt will be structured to take advantage of timing and rates in order to minimize borrowing costs.

It is expected that additional funding from federal, state, or other sources will be needed to fully implement all projects as they were envisioned in the referendum. The sales tax revenues and expenditures for roadways, bicycle-pedestrian-greenways, and transit are defined from the referendum and subsequent ordinances adopted to implement the referendum. As project costs are expected to increase over time, it appears essential that additional funding be found to supplement the sales tax and bond revenues – if all projects are to be implemented as planned.

As summarized in Table 1, the expected revenues from the sales tax and bonds are adequate to cover expected expenditure authorizations for the CY 2016 – 2020 CTIP period.

TABLE 1. PROJECTED REVENUES AND EXPENDITURES BY YEAR (CY 2016 – CY 2020)

PROJECTS AND AUTHORIZATION SCHEDULES

The following tables show the individual projects or groups by project type that are included in the calendar year 2016 through calendar year 2020 CTIP. Also shown is the remaining cost required after CY 2020 to complete all projects, if they are not scheduled for completion during the CY 2016 through CY 2020 period of this CTIP. Individual projects included in the referendum are grouped as follows:

- Roadway widening
- Major intersection improvements
- Special projects (except neighborhood plans)
- Neighborhood improvements
- Interchange at Broad River Road and I-20
- Greenways

Groups of improvements for the projects in the referendum are shown as a single line item for the following types of projects:

- Sidewalk improvements
- Bikeway improvements
- Pedestrian improvements at intersections
- Dirt road paving
- Local road resurfacing

CTIP PROJECT TABLES (CY 2016 – CY 2020)

Table 2 contains each project or project group and shows the project phase and expected total cost to be authorized for that phase in the calendar year when that activity is expected to be authorized and begin. Those phases and costs to complete that are expected to occur after calendar year 2020 are shown as an entry following the five-year CTIP period.

The initial page shown in Table 2 includes a program summary by year and project category.

TABLE 2. CTIP PROJECTS AND AUTHORIZATION SCHEDULES (CY 2016 – CY 2020)

CTIP Program Summary by Calendar Year and Project Category

Project Authorization Summary - CY 2016 CTIP								
All Costs in \$1,000s								
Type Project	2016	2017	2018	2019	2020	Total Authorizations in CTIP	Cost to Complete (after 2020)	TOTAL COST
Widenings	\$75,593	\$29,713	\$72,519	\$43,485	\$44,580	\$265,890	\$48,720	\$314,610
Intersections	\$1,712	\$2,900	\$9,588	\$2,200	\$0	\$16,400	\$0	\$16,400
Special	\$21,645	\$19,000	\$5,558	\$974	\$0	\$47,177	\$65,651	\$112,828
Spec. NIP	\$2,906	\$10,472	\$10,761	\$3,511	\$12,309	\$39,959	\$22,308	\$62,267
Resurfacing	\$6,750	\$5,950	\$4,900	\$4,900	\$4,900	\$27,400	\$10,600	\$38,000
Dirt Roads	\$12,000	\$12,000	\$12,000	\$0	\$0	\$36,000	\$0	\$36,000
I-20 Interchange	\$0	\$0	\$0	\$0	\$0	\$0	\$52,500	\$52,500
Total Roadway	\$120,606	\$80,035	\$115,326	\$55,070	\$61,789	\$432,826	\$199,779	\$632,605
Greenways	\$6,525	\$3,811	\$926	\$2,471	\$0	\$13,733	\$6,243	\$19,976
Sidewalks	\$3,000	\$5,000	\$5,000	\$5,000	\$5,000	\$23,000	\$2,000	\$25,000
Bikeways	\$2,500	\$4,000	\$3,500	\$4,000	\$4,000	\$18,000	\$3,000	\$21,000
Ped. Intersection	\$123	\$906	\$1,806	\$0	\$0	\$2,835	\$0	\$2,835
Total B/P/G	\$12,148	\$13,717	\$11,232	\$11,471	\$9,000	\$57,568	\$11,243	\$68,811
Total All Projects	\$132,754	\$93,752	\$126,558	\$66,541	\$70,789	\$490,394	\$211,022	\$701,416

Footnotes:

- (1) - Hardscrabble Road was developed by SCDOT. The cost shown is the Richland County commitment to assist in the project funding.
- (2) - Leesburg Road is being developed by SCDOT. The cost shown is the Richland County commitment to assist in the project funding.
- (3) - North Main Street was initially developed by the City of Columbia. Richland County is managing the project after design is completed.
The cost shown is the Richland County commitment to assist in the project funding. Additional funding includes a \$10 million TIGER grant and a \$1.3 million earmark.
- (4) - This section of Bluff Road was initially developed by SCDOT as a sidewalk project. SCDOT requested the County to assume the lead and make all ultimate improvements.
The cost shown includes \$1 million from SCDOT and \$800 thousand from the CTC for construction.
- (5) - Blythewood area alternate projects approved by Council on March 17, 2015 to replace Blythewood Road widening from Syrup Mill to US 321.
This action was authorized as shown in the list of widening projects included in the November 2012 referendum.

Table 2 (b) - Major Intersection Improvement Projects
